

KSM Covid Protocol- November 14, 2022

Teachers

If you feel 'off', have a stuffy nose, cough, tickle in your throat, lessening of taste/smell - any of the covid symptoms - please **receive a negative test result before coming into the studio.**

If you receive a **negative result**, but still have any of the above symptoms, please wear a mask in the studio until your symptoms are gone.

If you receive a **positive result**, per CDC guidelines, you will need to “stay home for 5 days. If you have no symptoms or your symptoms are resolving after 5 days, you can leave your house. Continue to wear a mask around others for 5 additional days.”

Students

We ask that you do the same to protect the health of our teachers.

If you have symptoms but haven't tested, please attend your lesson via Zoom. Scan the QR code and use the password: **Lessons4me** to access your lesson.
